¹Based on seasonally adjusted data for 1-, 3-, and 6-month spans and unadjusted data for the 12-month span.

^P= preliminary.

NOTE: Figures are the percent of industries with employment increasing plus one-half of the industries with unchanged employment, where 50 percent indicates an equal balance between industries with

increasing and decreasing employment. Data are currently projected from March 2010 benchmark levels. When more recent benchmark data are introduced with the release of January 2012 estimates, all unadjusted data from April 2010 forward and all seasonally adjusted data from January 2007 forward are subject to revision.
